## THE AUTO CHOICE

Auto dealerships and service centers are choosing Pure Water Technology™ point-of-use water purification systems to completely satisfy their showroom and waiting room needs.

### Freshness You Can Taste™ Purified Drinking Water

- Provide your customers with fresh, pure, oxygenated water.
- Continuous supply of cold and hot options – satisfying all your customer needs.

### Cost Management & Increased Efficiency

- Traditional Water Cooler < Point-of-Use: no storage, no delivery, and a continuous supply of purified water for one monthly price.
- No disruption of your showroom or office with bottled water deliveries.
- No storing, spilling or lifting of 42 lb. bottles (5-gallon jugs), keeping your showroom and office safe and clean.

### Show Off Your Showroom

- Sleek curvature, modern design and state-of-the-art technology to fit perfectly with the aesthetics of your showroom.
- “Go Green” alternative to traditional bottled water coolers – aligns with the eco-friendly buying habits and interests of your customers.
- Touchless-dispense options allow for touch-free fill-ups.
