THE HEALTHCARE CHOICE

Healthcare offices across America are keeping patients & staff hydrated, happy & healthy with the Pure Water Technology™ point-of-use purification system.

Health & Safety for Your Office Staff & Patients

- Featuring CleanContact™ – anti-microbial protection for your healthcare facility. CleanContact technology infuses the touchpad and surrounding surfaces with an organic anti-microbial ingredient.
- Pure Touch Dispense system – all features are designed to prevent cross-contamination of germs near the dispense nozzle.

Fresh Clean Purified Drinking Water

- Provide continuous oxygenated water purified by our multi-stage process including ozone disinfection that reduces 96% of total dissolved solids (PCBs, chlorine, pharmaceuticals) and harmful bacteria and viruses.
- Cold and hot water options with adjustable temperature control.

Efficiency & Productivity

- No more storing, spilling or lifting of 42 lb. bottles (5-gallon jugs) – keeping your medical facility clean and safe!
- Touchless-dispense options allow for touch-free fill-ups.
