Introducing the **Newest Member** of the Family!

**2i**

- **CleanContact™**
  Anti-microbial touchpad and surrounding surfaces manufactured and tested to protect against cross-contamination of germs within the workplace.

- **Activated Oxygen Injection**
  Oxygenates the water during the ATS process, delivering FRESHNESS YOU CAN TASTE™.

- **ATS-Auto Tank Sanitization**
  Eliminates microbiological contamination and does away with the tedious and often overlooked task of sanitizing the holding tank.

- **SafeTouch™ Dispense**
  Spacious dispense area for large containers which prevents germ contamination of the dispense nozzle. Avoids accidental hot water dispense with UL certified SafeTouch™.

- **Filter Replacement Notification Light**
  Notifies you as soon as the filter needs to be replaced by the PHSI Pure Water Technology service team—ensuring the highest quality of freshness.

**Additional Features**
- Dispense Area Light
- Dual Leak Detection
- Quiet Dispense

---

**Pure Water Technology®**

**PHSI®**
PURE WATER TECHNOLOGY’S 2i incorporates leading edge technology for superior point-of-use water purification. The 2i provides a cost-effective and eco-friendly alternative to bottled and filtered water coolers to deliver glass after glass of PURE WATER.

The Pure Water Technology 2i Purification Process
